GRADUATION Ceremony

LMCST's evolution as one of the finest centres of higher education is not by accident. A rock-solid vision backed by a team of passionate minds with single minded determination fuelled this journey. In today's world marked by cut-throat competition, we stand for societal service for nation building and advancement in research and development for the benefit of humanity. We are guided by the infinite wisdom of God Almighty in each decision we make and every endeavour we undertake. Our institution recently added another golden feather to its cap by successfully completing the accreditation by the National Assessment and Accreditation Council (NAAC). I wish to congratulate the core team who worked tirelessly for over a year as well as the entire staff and student community who contributed to make this a reality. Even though our past is golden and our achievements decorated; I still believe that the best is yet to come! Let tomorrow dawn with better hopes and higher dreams. I urge all of you to rise as shining stars and leave your signature in all that you do.

Fr. Bejoy Arackal

"A desire can change nothing; a decision can change something but a determination can change everything".

The evolution of the institution over the past twenty years has witnessed a strong blend of state-of-the-art infrastructure and intricately intertwined human resource committed to provide professional education with thrust on creativity and innovation. The motivating environment at LMCST for knowledge assimilation, generation and dissemination with a sense of social responsibility, human values and concern for social commitment has carved a niche for itself among the best technical institutes. The College has achieved another milestone in getting accredited by National Assessment and Accreditation Council (NAAC). A newsletter is like a mirror which reflects the clear picture of all sorts of activities performed by staff and students of the institution. I congratulate all the contributors and the editorial board members who have played a wonderful role in accomplishing the task perfectly. Best Wishes.
