### FORZA 2K19-REPORT

FORZA programme 2019 - Phase I (from 23rd May 2019-31st May 2019) has come to an end with a field visit by the faculty members.

In FORZA Phase I, LMCST MCA department has given one week computer training to around 20 students of Vlavetty settlement (Kallikkad panchayat). The group included 5th standard to -7 students. Our course plan included Computer Fundamentals and MS office basic tools based on the category of students. The class timing was 10pm-1pm. Our college has collected students from their settlement and dropped them after the classes at 2pm. Everyday the college has provided tea, snacks and lunch to the students. The students utilized the computer labs, indoor and outdoor sports facilities at the college. As part of the social commitment activity of Indian Society for Technical Education (ISTE), a painting competition on MS Paint was conducted for this students and prizes were distributed as school kits, to the winners. The training programme was very successful and the students got a good opportunity to make use of the amenities of our college. The students invited the faculty members to their settlement and on visit they explained the problems they are facing living near the forest. Parents thanked the college authorities for giving an opportunity to their students to study at our college. The faculty members has given an insight to the parents about the government support, career possibilities and future options in technical education of these young children.

The overall programme was coordinated by Prof. Justin G. Russell.

### **Tribal Welfare through Charity**

The extension program by MCA Department to tribal community around our college - "FORZA" -in association with SMYM of Lourdes Forane Church, PMG and LMCST Extension cell, a Tribal Welfare Program was conducted at RK Auditorium, Kuttichal to distribute Christmas Gift worth Rs.500 to tribal families in Kuttichal Grama Panchayat on 23<sup>rd</sup> December, 2019. Fr.Ibin Pakalomattom distributed the kits in the presence of Mr.Sudheer, Tribal Extension Officer along with tribal promoters. The activity was well coordinated by Prof. Justin G Russel, Asst. Professor (MCA) & Extension cell coordinator with the help of MCA Association STARC committee members. The most eligible 125 families were benefited by this social commitment activity. This activity was done to enhance health, support them from any barriers to success and provide areas for improvement. A total of 15 students participated in this program.

### ABOUT OUR COLLEGE

Lourdes Matha College of Science and Technology established by the "Under the Archdiocese of Changanacherry, Petros: His Grace Mar Joseph Perumthottam, Archbishop of Changanacherry", has been approved by the Govt of Kerala and the All India Council for Technical Education (AICTE) vide order No: 06/06/KER/2002-03 dated 27-05-2002 and is affiliated to the API Abdul Kalam Technological University. The college has spacious campus of 25 acres at rustic village in the outskirts of Thiruvananthapuram city, hardly 24 km away from it. The scenic beauty and virgin surroundings of the picturesque lush green rubber plantations, the back drop of misty Western Ghats and the serene, tranquil hillback provide perfect environment for harmonious study. The vision of the Lourdes Matha Catholic Educational Society is to establish a "Centre of Excellence" in the field of Engineering and Technology to mould world class professionals.

#### Embedded Systems Development Process & IoT

Embedded systems are part and parcel of every modern electronic component. These are low power consumption units that are used to run specific tasks for example remote controls, washing machines, microwave ovens, alarm tags, sensors, actuators and numerous used in various applications, networking hardware such as switches, routers, modems, mobile phones, PCs, etc.

Embedded systems will also be at the core of ideas for the deployment of many Internet of Things (IoT) solutions, especially within various industry verticals and industrial Internet of Things (IIoT) applications.

#### Process & IoT

Many of us have dreamed of smart homes where our appliances do our bidding automatically. The alarm sounds and the coffee pot starts brewing the moment you want to start your day. Lights come on as you walk through the house. Smart sensor computing device responds to your voice commands to read your schedule and messages to you while you get ready, then turns on the TV news. Your car drives you to work via the least congested route, freeing you up to get caught up on your reading or moving meeting while in transit.

#### Arduino IoT Programming

Nowadays a new emerging technology is known as Things (IoT). This post describes how to connect Internet of Things with Arduino and Arduino. In IoT project, all the physical objects (things) are connected together using internet infrastructure. Arduino board is one of the most important object in this ecosystem.

#### Raspberry Pi

The Raspberry Pi is a low cost, multi-task cloud computer that plugs into a computer monitor or TV, and uses a standard keyboard and mouse. It is a capable little device that enables people of all ages to explore computing, and to learn how to program in languages like Scratch and Python. It's capable of doing everything you'd expect a desktop computer to do, from browsing the internet and playing high-resolution video, to making spreadsheets, word-processing, and playing games.

### ABOUT MCA DEPARTMENT

Department of Computer Applications was established in 2005. The Department is committed to develop quality IT professionals by providing concept oriented subject knowledge through high quality teaching supplemented with practical knowledge and skills. We have two category of MCA courses, 1 year Regular and 2 years lateral entry programs.

We have an intake of 40 seats regular program, 50% merit seat which will be filled through government admission list published on the basis of mark in Entrance Examination conducted by IIS Center under the supervision of Director of Technical Education. The rest 50% seats are management seat filled up by the management. Candidates will have to attend entrance exam for admission in management seat.

MCA lateral entry (into the 2nd year (3rd semester) of MCA regular course for which the minimum of seats is equivalent of 20% of sanctioned intake plus ceiling.

## ABOUT THE INSTITUTION

Lourdes Matha College of Science and Technology established by the "Lourdes Matha Catholic Educational Society", has been approved by the Govt of Kerala and the All India Council for Technical Education (AICTE) vide order No. 06/06/KERUENG 2002-03 dated 27.05.2002 and is affiliated to the University of Kerala and APJ Abdul Kalam Technological University.

The college has a spacious campus of 25 acres at Kutichal, a rustic village in the outskirts of Thiruvananthapuram city, hardly 24 km away from it. The scenic beauty and virgin surroundings of the picturesque lush green rubber plantations in the back drop of misty Western Ghats and the serene, tranquil lake provide a perfect environment for harmonious study. The vision of the Lourdes Matha Educational Society is to establish a "Centre of Excellence" in the field of Engineering and Technology to mould world class professionals.

The college is governed by a Governing Board consisting of 29 members. His Grace Mar Joseph Perumbittam, the Archbishop of Changanacherry is the Patron and Spiritual Guide and Rev Fr. Joshi Vinuappan, Vicar, Lourdes Forane Church is the President.

## ABOUT MCA DEPARTMENT

Department of Computer Applications was established in 2005. The Department is committed to develop quality IT professionals by providing concept oriented subject knowledge through high quality teaching supplemented with practical knowledge and skills. We have two category of MCA programs - 3 year regular and 2 year lateral entry programs.

We have an intake of 30 seats in regular program, 50% is merit seat which will be filled through government allotment list published on the basis of rank in Entrance Examination conducted by LBS Center under the supervision of Director of Technical Education. The rest 50% seats are management seat filled up by the management. Candidate will have to attend entrance exam for admission in management seat.

MCA Lateral entry is into the 2nd year (3rd semester) of the regular course for which the no. of seats is maximum of 20% of sanctioned intake plus unfilled.

Lourdes Matha College of Science & Technology  
Lourdes Hills, Kutichal P.O., Thiruvananthapuram - 695 574

SDP Objective 1 To give the participants an awareness about the current scenarios in cyber world.

## ► Cyberspace Security

Increased Internet penetration has given exponential rise in sophisticated attacks on Information Technology (IT) infrastructure. Attackers are gaining access to sensitive information like credit card details and other financial information. Smartphone attacks are growing in multiple folds. Also with the growth of 3G services and business transactions using mobile phones, there is a substantial increase in mobile malware. In order to make our IT infrastructure resilient against these threats, there is a need for cutting-edge Research and Development efforts in Cyber Security. C-DAC has been actively pursuing R & D in a number of sub-areas in Cyber Security domain.

## ► Cryptography and Digital Signature

Currently, many applications or forms submitted by a citizen require physical signature of the citizen. A digital signature takes the concept of traditional paper-based signing and turns it into an electronic "fingerprint." This "fingerprint" or coded message is unique to both the document and the signer and binds them together. In short, a digital signature has the same function as that of a handwritten signature. Some of the salient features of digital signature are non-repudiation, integrity and authenticity. The Information Technology Act 2008 provides the required legal sanctity to digital signatures based on asymmetric crypto systems.

## ► Cyber Forensics and Cyber Law

The number of people who fall prey to the vicious web of cyber crimes is also on the rise. Most of us are caught in the web owing to over sight or sheer ignorance of the law. This could not only result in the conviction of individuals but also result in major setback for organizations.

Computer forensics is the application of investigation and analysis techniques to gather and preserve evidence from a particular computing device in a way that is suitable for presentation in a court of law.

## Who all can attend the SDP 3

Students undergoing UG final year and PG students.

### **MCA - Painting Course to Tribal Community**

As part of social commitment activity of ISTE, a painting competition was conducted for 15 students of Vlavetty settlement (Kallikkad panchayat) in association with Scheduled Tribes Development Department and Kerala Forest & Wildlife Department, supported by NSS Unit on 29<sup>th</sup> May, 2020. The group included 5<sup>th</sup> standard to +2 students and prizes were distributed as school kits. The Training Programme was very successful and students got opportunity to make use of the amenities of our college. The faculty members have given an insight to the parents about the government support, career possibilities and future oppositions in Technical Education of these students.

Venue : MCA Lab of LMCST

Date : 29<sup>th</sup> May, 2019

Event : Painting competition

No. of participants : 15

Event Coordinators : Prof. Beshiba Wilson (ISTE Chairperson)

**Eureka 2020 -Motivation for students to ignite their inborn talents**

## **Students Aptitude Development Program (SADP) Report**

**Students Aptitude Development Program (SADP) Committee is formed in the beginning of the last academic year (2019-20) in our college with the Principal (Dr. P. P. Mohanlal) as the mentor and Dr. Johnson Y, Associate Professor, EEE as the Co-ordinator with the following staff as its executive committee members**

1. Prof.S.Mohan
2. Prof. Greejith
3. Prof.Renetha
4. Prof.Smitha J C
5. Prof. Nias Salim
6. Prof. Bincy Louis
7. Mr. Chandradas

Its first meeting was conducted on 17/09/2020.

SADP program is designed and planned with a view to motivate the students and to ignite the in-born talents of the students especially in science and engineering. Various programs such as quizzes, expert talks, technological demonstrations, career guidance classes etc. were conducted at many higher secondary schools, around 100, in Trivandrum district. This enabled us to collect contact details of students through the filled-in proforma from these institutions.

The final round of the mega quiz program, 'EUREKA-2020', was arranged in the college campus (LOMAA Hall) as the culmination of the SADP program activity of the last year. The prelims were already done in school level during November to January. The paid lunch facility was also arranged in the campus. The prize details announced are

1<sup>st</sup> prize: 25,000/-;

2<sup>nd</sup> prize: 15,000/-;

3<sup>rd</sup> prize: 10,000/-

The winners are

1. Abhinav Krishna(St. John's School, Nalanchira)
2. Abhirami J B ( " )
3. Anusree P Nair (St. Theresa's Convent HSS, Neyyattinkara)

The winners were given cash prize and memento. Participation certificates were distributed to 30 finalists. Renowned Quizzer, Prof. Franklin P Joshua (former Group Director, LPSC ) administered the quiz in the final level.

The facility for campus tour is available within the campus thereby the live demo of advanced machines like Computerized Numerically Controlled Machine (CNC), 3D printer etc. and various sophisticated laboratories of Electrical, Electronics, Communications and Mechanical streams can be visited for the demonstrations.

Lourdes Matha College of Science and Technology, Kuttichal under the Archdiocese of Changanacherry had started this year "Aptitude Development Programme on Science and Engineering" for higher secondary students from November 1st onwards. Its objective is to create aptitude, passion and focus on pursuing Science and Engineering Studies. The major attraction of this programme is the conduction of Quiz competition EUREKA 2020 whose Final will be held at LMCST campus on 11th January 2020. The preliminary rounds are currently going on in the higher secondary schools in Trivandrum district. The 3D Printer demonstration and real time hands-on training is another attraction. The electrical and electronics based hands-on skill development training, motivational science

### **SEE 2K17 - Open House Exhibition**

Lourdes Matha College of Science and Technology established in the year 2002, is a premier institution affiliated to the University of Kerala and APJ Abdul Kalam Technological University. The year 2017 marks the 15th anniversary of establishment of LMCST. The college which had a humble beginning with three UG courses having an overall intake of 180 students has catapulted itself as a center of excellence with five UG courses and five PG courses having an overall intake of 507. This is one among the most preferred destinations for engineering education in Kerala especially in the district of Trivandrum. In addition to imparting quality education to its students, the institution has persistently strived to cater to the needs of the common man and society by harnessing the strength of technology. As a part of bridging the technology gap in villages and to make them understand how technological advancement's can transform rural India and also to help in solid waste management the institution is organizing an Open access exhibition "SEE2K17" at its premises on 5<sup>th</sup> and 6<sup>th</sup> October 2017. The primary objective of the exhibition is to bring technology closer to the lives of rural society and to improve the quality of life and to foster the sense of innovation in the young minds for societal benefits.

### ACTION TAKEN REPORT

S.No.	Thrust Area	Action Taken
1	Creation of more than 25 jobs	1. Different job openings were intimated to panchayath members on time.
2	Helping local schools to achieve 100% Result	1. Seminars were conducted in schools. 2. Discussion with Head of institution
3	Preparing an actionable DPR	1. Draft copy prepared
4	Developing Sustainable Water Management system	1. Check dams and water pits were constructed.
5	Motivating and achieving a target of reverse trend of around 5 youths in a year from city to village	1. List preparation of migrants in progress
6	Developing and implementing Low Cost Sanitation facilities	1. During our survey no house at Kallikkad panchayath reported about the lack of toilet facilities.
7	Tourism Promotion Innovative Approaches	1. Facebook pages were created to project the tourism spots at Kallikkad Panchayath. 2. A detailed study on tourism promotion at the panchayat was conducted and a report was made.
8	Promotion of Appropriate Technologies	1. Planning to install LED bulbs at every house at subsidised rates.
9	Per Capita reduction in Energy Consumption by at least 25%	1. A detailed survey was conducted to study the energy consumption at every house. 2. Suggested methods to reduce energy consumption to every house member. 3. LED bulb assembling scheduled.
10	Skill to 100(Minimum 30 Girls) People Resulting into Rs.6,000 Job	1. Awareness about PMKVY was given. 2. Collected details of members interested to avail training under PMKVY. 3. 5 day workshop in LED assembling scheduled.
11	Developing localized techniques for up to 50% Reduction in Housing Cost	1. A study was conducted and a report was made which will be handed over to panchayath members shortly.
12	Facilitating 100% Digitized money transactions	1. BHIM app awareness campaign was conducted.
13	Setting of the Information imparting club for women leading to contribution in social and economic issues	1. Assigned to the existing "ayalkkottam"
14	Developing and managing efficient garbage disposable system	1. Planning to introduce plastic waste keeping methods.

*M. Anand*

### REMARKABLE ACHIEVEMENTS

1. A detailed survey on energy consumption and waste disposal at Kallikkad panchayath was conducted
2. About 1200 members were taught to monitor the meter reading so that they can control the consumption
3. Training to use BHIM app was given to both residential and shopkeepers
4. 2 shopkeepers made their first BHIM app transaction and about 75 shopkeepers downloaded BHIM app.
5. Tourism promotion Facebook pages were created.
6. Details of about 200 members who are willing to avail PMKVY training was collected and was handed to PMKVY training centres.

### **Charitable activity -Relief to poor**

· LMCST celebrated "Athena 2017" on International Women's Day on 8th March 2017. The chief guest for the function was Ms. Aswathi S. Nair, Jwala Foundation fame. Ms. Aswathi is on a mission to make a difference in the lives of the destitute. Her motto "No more hunger" inspired our students to collect provisions to support the noble cause of eradicating hunger and starvation off the streets. Principal Dr. V. Syam Prakash launched the mobilization of the same by handing over a kit of provisions to her as a gesture of goodwill from the Lourdes Matha Family on the same day. The students also performed duet song and dance. The highlight of the celebration was a skit based on Women's Rights performed by students from various branches. Collage and Elocution competitions were conducted in this regard with "Women Empowerment" as the theme. Ms. Meenu L. & Ms. Jiji Stephen of S4 EC won the first prize for Collage Competition. Ms. Reshma S. of S2 EC bagged the first prize for Elocution.

### **NSS Special Camp (7 days)**

NSS Technical cell of LOURDES MATHA COLLEGE OF SCIENCE AND TECHNOLOGY, KUTTICAL organized a 7-day special camp at VILLA NAZARETH ENGLISH MEDIUM SCHOOL, PALAIKONAM, ARYANAD from 24th December 2016 to 30th December 2016. 42 NSS volunteers attended the camp. ## Awareness rally - Nature Conservation

### WORLD NATURE CONSERVATION DAY

Lourdes Matha College of Science & Technology observed World Nature Conservation Day on 28<sup>th</sup> July 2016 with the objective of creating awareness to protect the natural resources of the earth. A series of events which include pencil drawing competition for the students of 25 neighbouring schools, planting saplings and a debate competition were organized as a part of World Nature Conservation day activities. A rally with a participation of more than 800 LMCST students was also conducted at Kattakada junction. Chief guest of the function Mr.K. J.Varughese IFS, Addl. Principal Chief Conservator of Forests delivered the keynote address. Director, Prof. P. M. Hormese and Principal, Dr. V. Syam Prakash addressed the gathering. The winners of pencil drawing, debate and rally competition were given prizes by the chief guest.

The faculty and students of Lourdes Matha College of Science and Technology visited Poonthura near Thiruvananthapuram, the area which was affected by rough sea and coastal erosion. About 200 families have lost their houses. From the LMCST family we provided extended help for the people of the affected areas by providing foods, other basic needs and financial aids for the affected families.
