IEDC LMC

ASTERIX REPORT

ROBOTICS WORKSHOPS : IEDC LMCST along with IEEE conducted a series of robotics workshops (August 12, 2022 & March 17, 2023), The hands-on workshop on **Arduino Robots** was conducted by **Mr. Brij V.** The workshop was designed to provide participants with a practical understanding of the Arduino platform and how it can be used to build robots. Participants were then given a brief on how to set up an Arduino board, install the required software, and begin programming. They were also shown how to connect various sensors and components to the board and how to troubleshoot any issues that might arise during the process. Overall, the workshop was a huge success, providing participants with a hands-on learning experience and a practical understanding of the Arduino platform and how it can be used to build robots. The event demonstrated the potential of robotics and the importance of hands-on learning experiences in promoting innovation and creativity.

FIGMA WORKSHOP

GLIMPSES...

CODEC

April 2023

The image is a celebratory collage for National Technology Day at Lourdes Matha College of Science and Technology. At the top left is the college's logo, featuring a globe and the motto "Bureau Veritas Certified ISO 9001 - 2015 Institution NAAC Accredited". To its right, the college name "LOURDES MATHA" is prominently displayed in blue serif font, followed by "COLLEGE OF SCIENCE AND TECHNOLOGY" and accreditation details in black sans-serif font. The main title "One Day SDP- FutureTech" is written in large, bold blue letters, with the organizing department and date below it. The collage includes seven photographs with torn edges: a group of four people (three women and one man) standing on a red-carpeted stage; a man in a striped shirt speaking into a microphone against a yellow backdrop; a woman in a white sari presenting a certificate to a male student; a wide shot of a lecture hall filled with students; a person at a podium addressing an audience; a close-up of a presentation slide titled "MCA"; and another view of the audience from behind. In the bottom center, there is a small Google Maps snippet showing the college's location in Kuttichal, Kerala, India, with coordinates and a timestamp from May 11, 2023.

HackARthon

- IEDC LMCST in association with **XtrudAR community powered by Zilicon Technology** conducted "HackARthon Cohort 2", a pre - hackathon for Meta Spark Worlds! HackARthon Cohort 2 definitely did enliven the hacker in students and get them trained to make compelling Augmented Reality Stickers and Experiences for Messenger and Instagram! Students had the opportunity to get trained and alter reality using AR with us from **June 16th to June 18th**. Also, it gave them the base to compete in Meta Spark Worlds Competition and fight for a chance to win prizes worth \$542,500

IDEA PITCHING COMPETITION REPORT

IEDC LMCST along with IEEE SB LMCST organized an IDEA PITCHING COMPETITION on 03th February, 2023 that was overseen by the judges – **Dr.Johnson.Y SB Counselor, IEEE LMCST as well as Rikesh P Mathew, IEDCNodal Officer LMCST** in order to promote entrepreneurship skills as well as to encourage the participants to come up with new and innovative ideas towards present day problems.

The competition was held in two different stages, the 1 stage was where the judges looked through the presentations provided by the participants and selected the participants to be called for presentation in the 2 nd round to present their ideas before them and the judges will then select the candidates on basis of the innovation and practicality of their ideas and these candidates were given the opportunity to appear on the young idea conclave in CET, Sreekaryam for the final round

KEY STARTUP SKILLS FOR ENGINEERS & STUDENTS

□ IEDC LMCST along with IEEE SB LMCST conducted webinar on KEY STARTUP SKILLS FOR ENGINEERS & STUDENTS to encourage students to take up interest in entrepreneurship and to clear doubts Regarding the same. It proved to be a very interactive and eye opening to the participants according to the feedback . The session focused primarily on the key skills to have if an engineering graduate wishes to follow the path of entrepreneurship. Perseverance and innovative thinking were mentioned as the key to it while having a sharp and open eye to problems around you should be the trait of an engineer. He should use his technical knowledge to solve daily problems faced by the most common of all people and thereby make himself and his education useful to the society.

Session time : 17th February 2023, 7:30pm - 9:30 pm

Resource Person : FRANCIS E J , MENTOR AND TRAINER , FORMER GROUP DIRECTOR , CCQG , VSSC , ISRO

Report

Work Shop on Effective Public Speaking

The Department of management studies, LMIMS organized a one day workshop on “Effective Public Speaking” for the graduate students in and around Trivandrum district on 04th November 2022. A Total of 47 students from various undergraduate colleges participated in this workshop.

The workshop had 3 rounds, effective Public Speaking, Creative Speaking, Outbound training on Confidence and Team building.

The staff coordinators for the program were Mr. Ninu John and Ms. Jeny, the student coordinators were Mr. Lokhum and Ms. Chunliamlu and supported by Mr. Kenneth Melvin from 2021-23 batch. Sessions were handled by Dr. Shyamnath R S, Ms. Jeny R J and Ms. Ancy A.

Our director Fr. Bejoy Arackal and Principal Dr. Beshiba Wilson addressed the students in the valedictory session and distributed participation certificates. Feedbacks and reviews collected from the participants and the session wound up by 3.30pm.

Hello Prof. Anjana, Soumya,

Greetings!

Hope you are doing well. As you may be aware, **UST** (www.ust.com) is a US \$ 1+ Billion organization which is a global provider of digital technology and transformation, IT services and solutions headquartered in Aliso Viejo, California, United States. The company has 25+ offices spread across US, EMEA, APAC, and India with a global workforce of 25,000+ people. **UST** specializes in financial services, retail & CPG, manufacturing, technology, media and telecom, semiconductor, and the public sector verticals.

Further to our telecon, I am sharing the draft Industry-Academia MoU to solve real-world problems in the area of AI/ML. The problem statements will be shared and necessary knowledge transfer and hand-holding to your faculty & students will be provided. We will have weekly/fortnightly calls, clarification on queries etc. We will have a team member from **UST** dedicated from our end to mentor, monitor and support your students at all stages. The gives and takes are mentioned in the MoU. If all OK, kindly sign and seal the same from the Institute Director/Principal and share the half-signed copy asap.

Let us know if you have any further clarifications. Look forward to forging a long-term association with IMCST.

Regards,

Manish Bali

Director-Semiconductor & Practice Lead - AI/ML
