## Director's Message

As we continue to grow in an ever-changing world, I am delighted to share the latest developments from our institute.

Our mission goes beyond offering quality education — we are dedicated to creating an environment that encourages innovation, research, and leadership. Through strategic initiatives, modern infrastructure, and strong academic-industry partnerships, we aim to prepare our students and faculty to make a meaningful global impact.

In this edition, you will find updates on our new projects, recent achievements in research and learning, and upcoming events that strengthen our engagement with the wider community.

I invite all members of our institute — students, faculty, staff, and partners — to stay inspired and continue contributing to our shared vision. Together, we can build a future marked by excellence, innovation, and global leadership.

Rev. Dr. Bejoy Arackal

## Principal's Message

As we navigate the ever-evolving landscape of technology and innovation, we're thrilled to share our latest newsletter with you! Our college remains committed to delivering quality education, cutting-edge research opportunities, and a nurturing environment that fosters growth and excellence. We're passionate about shaping the next generation of leaders and innovators who'll make a meaningful impact worldwide.

In this edition of the newsletter, you'll find updates on our latest initiatives, student accomplishments, and upcoming events. I encourage you to stay engaged, participate in our activities, and contribute to our vibrant academic community. Thank you for being part of our college family. Together, let's continue to strive for excellence and make a positive difference in the world.

Dr. Beshiba Wilson

## DEPARTMENT OF MANAGEMENT STUDIES

### DEPARTMENT NEWS

- Hasta la Vista-“Farewell 2025

The MBA Department of Lourdes Matha Institute of Management Studies organized a heartfelt farewell event, “Hasta la Vista,” on April 3, 2025 at Arts Seminar hall, to bid adieu to the outgoing MBA Batch 19. The event was attended by both the MBA Batch 19 and 20 students, along with the faculty members of the department. The farewell began with a warm welcome, where guests were greeted with welcome drinks. The event progressed with a series of engaging activities and games, specially designed to foster fun and camaraderie between the students. These light-hearted moments added a joyful and memorable touch to the day. One of the key highlights of the event was the Memory Sharing Session, where students and faculty members shared their reflections, experiences, and heartfelt messages.

- INDUSTRIAL VISIT-A Journey of Learning, Friendship, and Discovery

A 10-day Industrial Visit was arranged to the northern belt of India—Delhi, Manali, Kulu, and Agra. It was a multifaceted experience blending academic enrichment, personal development, and cultural exploration. The highlight of the visit was the tour to Adroit Engineering Solutions, a reputed firm in the field of engineering innovation. This visit allowed to observe real-time operations, interact with experts, and gain insights into practical challenges and modern solutions in the engineering industry.

### ● Industrial Visit (IV) to Munnar

The Industrial Visit (IV) to Munnar was scheduled for two days, from 20th January 2025 to 22nd January 2025. The journey began on Tuesday, 20th January, with the departure from college at 8:00 PM. After an overnight journey, the team reached Munnar by 8:00 AM the following day. Upon arrival, the group checked into the resort and spent the day relaxing and exploring the scenic beauty of Munnar. In the evening, a campfire was organized, providing an opportunity for fun and bonding among the participants. The night was spent at the Munnar resort.

### ● One-day Public Speaking Workshop

A one-day Public Speaking Workshop was held on January 31, focusing on improving the speaking and presentation skills of students from various institutions. The workshop saw enthusiastic participation from 60 students, representing 8 different colleges.

The session included interactive activities such as impromptu speaking, group presentations, and speech delivery techniques. Participants were guided on body language, voice modulation, audience engagement, and handling stage fear.

The workshop concluded with overwhelmingly positive feedback. Participants appreciated the hands-on approach and reported increased confidence in their public speaking abilities.

### ● Trekking expedition to Koonichi Mala

As part of the Disaster Management subject, a trekking expedition to Koonichi Mala was organized on May 2 for the S3 MBA students, with a total of 38 participants. The primary objective of the trek was to provide students with practical exposure to disaster preparedness, risk assessment, and emergency response in a real-world setting. The trek covered diverse terrains, allowing students to experience physical challenges while learning important lessons in teamwork, leadership, and survival skills. During the activity, discussions were held on handling natural hazards, basic first aid, and effective response strategies during disasters. The students also engaged in an environmental clean-up initiative, reinforcing the importance of sustainability and ecological responsibility. Overall, the program was a valuable experiential learning opportunity, aligning well with the objectives of the Disaster Management curriculum and offering students both knowledge and memorable experiences in a natural outdoor environment.

#### ● SPSS workshop

An SPSS (Statistical Package for the Social Sciences) workshop was conducted on March 17, 2025, for the S4 MBA students as part of their academic enrichment in data analysis and research methodology. The session was led by Dr. S. Jaydevan, a renowned expert in statistical analysis and research tools. The workshop aimed to provide hands-on training in using SPSS for data entry, analysis, and interpretation of results, which are essential skills for business research and decision-making. Students were introduced to key features of SPSS, including descriptive statistics, correlation, regression analysis, and hypothesis testing. Through practical demonstrations and interactive sessions, the students gained valuable insights into real-world data handling and analysis. The workshop was well-received and significantly enhanced the students' competence and confidence in using statistical tools for their academic and professional projects.

## DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

### DEPARTMENT NEWS

- The Department of Electrical & Electronics Engineering, in association with the ISTE Student Chapter, organized a Puzzle Solving Competition on 31st January 2025 as part of the Republic Day Celebrations. The competition witnessed enthusiastic participation from students across various semesters.
- On February 7th, the Electrical Engineering students embarked on an enriching Industrial Visit to the Koodankulam Nuclear Power Plant, one of India's most advanced and significant nuclear power generation facilities. The visit offered a rare opportunity to witness the functioning of a large-scale nuclear power station, understand its state-of-the-art safety systems, and gain insights into the role of nuclear energy in meeting the nation's power demands. Guided by experienced engineers, the students explored various operational units and learned about the integration of electrical systems in nuclear power generation, making it an inspiring and highly educational experience.

- An Open Photography Contest was conducted on March 10th for students from all departments of LMCST as part of the International Women's Day celebrations. The event provided a creative platform for students to capture and express their perspectives on themes related to women, empowerment, and equality. Participants showcased remarkable talent through their lenses, and the contest received enthusiastic responses, making it a memorable highlight of the celebrations.
